Summary

As a passionate and dedicated Mobile developer, I have experience developing cross-platform applications for both Android and iOS using Flutter and Dart. I enjoy creating beautiful and functional user interfaces that deliver an exceptional user experience. I am committed to staying up-to-date with the latest trends and best practices in Flutter development to deliver high-quality code that meets business requirements. In addition to my technical skills, I am a collaborative team player who enjoys working closely with designers, product managers, and other developers to deliver high-quality applications that meet business needs. I am a quick learner and am always eager to take on new challenges to expand my skill set.

Skills

- Proficiency in programming languages (Dart, Java, C#)
- Cross-platform mobile app development (Flutter)
- Backend integration (APIs, RESTful services)
- Automated testing and debugging
- Performance optimization
- Google, Firebase, Facebook and other third-party services integration
- Comprehensive understanding of mobile app development lifecycle
- Strong experience with State Management approach (Bloc, Provider, Redux, GetX)
- Proficient in building UI components, custom animations, and implementing complex UI designs
- Experience in publishing Flutter apps for both iOS and Android
- Security and data protection
- Good understanding of Object-Oriented Programming principles and Design Patterns
- Version control (Git)
- Continuous integration and deployment (CI/CD)
- Agile methodologies (Scrum)
- Technical documentation
- Familiarity with native development in iOS (Swift) and Android (Java/Kotlin)
- Familiar with Backend Technologies (Spring Boot)
- Familiar with UI/UX design
- Team collaboration and communication
- Problem-solving and critical thinking
- Time management and prioritization

Experience

Mobile Developer

Maids.cc - UAE | 2022 - Present

- Optimized existing code for better performance and reliability, reducing crash rates by 15%.
- Participated in code reviews and debugging sessions, improving code quality and reducing bugs by 10%.
- Integrated advanced analytics tracking which provided actionable insights leading to a 30% increase in conversation rates.

Mobile Developer

ElectroMall - Erbil | 2024 - Present

- Restructured app architecture for stability, handling 9,000+ daily active users efficiently.
- Enhanced data synchronization across devices, ensuring a seamless user experience, and boosting app ratings by 0.5 stars on the App Store.
- Led the integration of the latest Flutter features, keeping the app ahead of competitors and maintaining a 3.3+ star rating

Mobile Developer

Realistic Solutions - Saudi Arabia | 2023 - Present

- Mentored junior developers in Swift best practices, improving team productivity by 15%.
- Optimized memory usage and reduced app launch time by 20% through efficient coding.

Mobile Developer

DATUM - Iraq | 2023 - 2024

- Implemented innovative features using Swift, which contributed to a 20% growth in monthly active users.
- Contributed to the design and implementation of a popular social media app with over 1,000 downloads.

Mobile Developer

MK Group - Saudi Arabia | 2022 - 2024

- Led a small team of developers in an agile environment, ensuring timely delivery of updates, resulting in a 40% decrease in time to market for new features.
- Designed responsive UIs for multiple screen sizes, improving UX by **20%** based on user feedback.

Mobile Developer

SellAnyAd - Germany | 2021 - 2022

- Implemented state management solutions (BLoC, Provider, Riverpod, GetX) to improve code maintainability.
- Worked on API integrations, reducing API response time by **25%** using caching techniques

Android Developer

Tecomsa - Lebanon | 2020 - 2020

- Developed and maintained high-quality mobile applications for e-commerce platforms leading to a 35% increase in user engagement.
- Collaborated with backend team, reducing API request failures by **30%**

Android Developer

SCIT - Syria | 2018 - 2020

- Collaborated closely with the UI/UX design team to create intuitive interfaces that improved customer satisfaction ratings by 25%.
- Collaborated on the development of a health and e-commerce, oversaw performance improvements that increase user retention by 10%.

Education

Master's Degree - Web Sciences

Syrian Virtual University - Syria | 2019 - 2023

Bachelor's Degree - Informatics Engineering

Tishreen University - Syria | 2013 - 2018
